### **Message**

It gives me an immense pleasure to extend my heartiest greetings to all my fellow colleagues and all stakeholders as we mark the beginning of New Year 2019. The Central Drug Standard Control Organization (CDSCO) being the National Drug Regulatory Authority of India, is working assiduously with its objective to safeguard and enhance the public health by assuring the safety, efficacy and quality of Drugs, Medical Devices and Cosmetics and to become one of the stringent Drug Regulatory Authority across the globe.

The CDSCO is committed in its endeavour to enhance the image of Indian Drug Regulators by imparting necessary training and strengthening the regulatory standards. CDSCO is further committed to improve quality of generic medicines thereby instilling trust and confidence among the stakeholders to provide affordable and quality medical products to consumers.

With a hope to work together to achieve the above mentioned aspirations, I would like to wish you all a very Happy & Prosperous New Year 2019.

**Dr. S. Eswara Reddy**
