

File No. 4-01/2013-DC (Misc. 13-PSC) (Pt. II)
Govt. of India
Directorate General of Health Services
Central Drugs Standard Control Organization
(FDC Division)

Dated: 8/1/2020

To,
All State/UT Drugs Controllers

Subject: Procedure to be followed for subsequent applicant in respect of FDCs declared as rational by Prof. Kokate Committee and approved by DCG(I) -regarding.

Sir,

Please refer to this Directorate's letter of even numbered dated 12.12.2018 where by all the State Licensing Authorities were requested to ask the concerned manufactures to follow the procedure as mentioned in the said letter for obtaining manufacturing licenses directly from SLAs. The list of such rational FDCs containing 1681 FDCs was also forwarded with the said letter to the SLAs.

In continuation to the said letter, it may be noted that apart from these 1681 FDCs, further there are 450 more FDCs(attached as Annexure-A) which have been declared as rational by Prof. Kokate Committee and report of the committee has been accepted by the Ministry

Accordingly with the approval of the Ministry of Health and family Welfare, it has been now decided to follow the following pathway for grant of product licenses by SLAs for these FDCs:-

1. Applicants shall submit the requisite fees preferably through Bharatkosh for each FDC to CDSCO as specified under Drugs and Cosmetic Act, 1940 and existing Rules thereunder.
2. The applicant shall submit application to the concerned SLA as per the provisions of Drugs and Cosmetics Rules 1945 for grant of product manufacturing license giving the details of FDC, S. No. of the FDC in the list, stability studies data (6months accelerated), Test Specification of the FDC alongwith Method of Analysis as well as label and other documents as required for grant of product license under Drugs and Cosmetics Rules.
3. State Licensing Authority shall grant the product license of such FDCs without seeking NOC from DCG (I), if other conditions of license under the Drugs and Cosmetics Rules, which need to be verified by SLA, are found to have been fulfilled. The SLAs shall verify the quality of such FDCs of each applicant/manufacturer, before grant of License.

4. Every manufacturer permitted to manufacture these FDCs shall submit the periodic safety update reports (PSURs) as per New Drugs and Clinical Trial Rules-2019 to the central Licensing Authority as defined in Rule '3' i.e. DCG(I). Failure to submit the PSURs shall be considered as contravention of these Rules.

In view of above, you are requested to ask the concerned stakeholders to follow the above procedure for obtaining the manufacturing license w.r.t. FDCs declared as rational by Prof. Kokate Committee. You are therefore requested to ensure that no product license is granted in respect of the FDCs which are not mentioned in the attached list.

Yours faithfully,

(Dr. V. G. Somani)
Drugs Controller General (India)
