

File No. X-11026/011/18-PRO
Government of India
Director General of Health Services
Central Drugs Standard Control Organisation
(PRO Division)

05 DEC 2018

PUBLIC NOTICE

Central Drugs Standard Control Organisation (CDSCO), under e-Governance has rolled out online services for filling of applications through "SUGAM" portal. The online system was launched in 2016 for Import & Registration and subsequently for Cosmetics, GCT, Biological and other divisions. A separate "Medical Device" online portal has also been started in line with new Medical Device Rules-2017 for applications related to medical devices and IVD's.

Keeping in line with Govt of India's vision to promote Digital India and Ease of Doing Business, CDSCO thrives to strengthen this online Medical Device portal to enhance public confidence in quality, safety and efficacy of drugs marketed in India as well as to satisfy the applicants.

As the "Medical Device" online system (www.cdscmdonline.gov.in) has already been rolled out, it is desired to obtain feedback from the stakeholder to improve the system. A detailed feedback form is enclosed as **Annex-I**.

All stakeholders are requested to provide their valuable feedback as per enclosed format with suggestions about short term, medium term and long term measures to be taken to improve the system. The feedback should be forwarded to feedback@cdsco.nic.in within 2 weeks of this notice in scanned pdf format as well as excel document format.

(Dr. S. Eswara Reddy)
Drugs Controller General (India)

To,

1. All Medical Device and IVD Manufacturing Associations
2. CDSCO Website for public
